## **COPY**

Fronted by **Mr Bon Suis** and formed on the frontline of Bristol's renowned jam scene, **Stone Cold Hustle** features seven of the city's very best musicians. Channeling 70s era P-Funk grooves with the sex and swagger of neo soul artists such as D'Angelo and Eliza, they make music for the singular purpose of good times.

Since beginning in 2021, the group has hosted a bimonthly session at the legendary Canteen, earning them a reputation as one of the city's hottest live acts for starting the party and keeping it rolling. During this short space of time they've performed on main stages at UK festivals, supported Fred Wesley and played at Soho's famous Pizza Express Jazz Club. Their debut singles '**The Word**' and '**Funk In Hell**' received support from BBC Upload and will be followed by '**Going Down**' this September.
